# Professional Experiences

- **Banco do Brasil**
  **2018 - 2020**

  As my first job, it was very important for my interrelational development within the corporative scenario, besides having my first contact with JS and HTML which made me confident I was in the right development area.

- **Smartgreen Desenvolvimento de Técnologias S.A**
  **2020 - 2023**

  Requirements gathering, developing and structuring websites using Django/Python, Angular, Java Script SQL, GraphQl, AWS, and Docker technologies, among others.

  Use of the Scrum development model, guaranteeing good practice policies and organization policies, ensuring high-quality codes and functionalities that satisfy the internal customer.

# A Little About Myself

I'm creative and always seek to develop in different ways and study new tools, love a challenge and love teamworking, I am currently looking for a job that makes sense to me and inspires me to develop in the best way possible.
